*Your Complete Facility Maintenance Solution*

## Metal Fabrication

**Name it and we'll make it!** Maple Grove Enterprises can fabricate anything from a bracket to a 10,000-gallon storage tank. Our full-service metal fabrication shop is equipped with industrial-sized metal brakes and shears, plasma cutters, lift equipment, tubing benders, and MIG and TIG welders.

We also offer on-site fabrication and welding services, made possible by our modern fleet of fully outfitted weld and service vehicles.
