

About Maple Grove Enterprises

Founded in 2000 by Ted, Phil, Michele and Jen Hobin, Maple Grove Enterprises is a family-owned business that has grown to nearly 30 employees. We specialize in sandblasting and coating, metal fabrication and millwright services to industry. We also provide technical assistance, in-shop fabrication, field installation and 24-hour emergency breakdown service.

Our excellent customer service begins with friendly office staff and extends to the high standards of organization and cleanliness at our facility and how our crews conduct themselves at your facility. We are dedicated to high-quality work and fair and honest pricing in our bids.

Located near Buffalo, NY, we serve all of New York State and areas throughout the Northeast, Mid-Atlantic and Midwest.

"It's service like this that gives Maple Grove Enterprises the edge over other companies. I would personally recommend them to anyone requiring millwright services."

Galvanized Steel Custom Head Cover

Completely Refurbished Tractor

CUSTOM ELEVATORS & CONVEYORS

When your conveyor system breaks down or is no longer adequate for the job, don't wait for over 20 weeks for your order to be filled. We will fabricate and install a custom conveyor or bucket elevator within a few weeks, saving you months of down time!

Our custom bucket elevators and conveyors are built to your exact specifications and take only weeks to fabricate and install.

We make our bucket elevators for your specific applications. Non-standard sizes and configurations are our specialty. Every part of the elevator is made from galvanized steel and meets OSHA standards.

Our expert millwrights have the knowledge, ability and determination to ensure that every job is done right and on time. Since we build the elevators ourselves, we know exactly how they should be installed.
